CISCO MAN HAS UNUSUAL EARLY MORNING VISITOR

"An unusual visitor," was the way Watchman "Slim" Shane, who reposes majestically on top of Red Mountain to the north of Cisco expressed himself this week when he heard a scratching noise on the door of his house and upon investigating found the visitor to be none other than a forty seven inch rattler with ten buttons. Mr. Shane is a most cordial host to visitors but this time he averred he drew the line and refused to admit his caller, but forthwith made short the life of Mr. Rattler and has the buttons to fortify his story.

BLUE EAGLES MAY NOT APPEAR IN DOWNIEVILLE

The national recovery act movement has struck surrounding towns and put everybody in a flutter. But Downieville, as usual, proceeds serenely on her way, without fluttering a single flut. No blue eagles have been observed thus far, and none may appear.

The reason for this, according to Miss Josephine Tomola, postmistress, is that instructions received by her to the effect that only business houses with three or four employees will be affected. And since there is not a business house in town with that many employees, it begins to look like the blue eagle would fail to find a roosting place in that village.

JAMES PRITCHARD REACHES 103 AGE IN COUNTY HOSPITAL

James Pritchard, Nevada County's oldest citizen, and perhaps the oldest in the state, celebrated his 103rd birthday last Tuesday at the County Hospital, where he has been an inmate for a number of years.

The hand of old Father Time has begun to lay heavily on this kindly old gentleman. On the day three years ago that he rounded out a full century of life, he was active as a man many years younger. He is now quite deaf, but manages to comprehend words spoken directly in his ear in a loud voice. He also complains that he is not able to walk very well.

He was born in Missouri on August 14, 1830, and the first forty years of life were spent in that state. He came to California to live about 1870 and has been in this state ever since. He lived in the Rough and Ready section until failing health induced by old age, made it necessary to enter the hospital.

THIRTY-FIVE MILES OF ROAD BEING OILED IN ALPINE CO.

The California State Highway Commission is doing considerable oil work upon the highways of Alpine County. The oil work comprises some thirty five or thirty six miles. They have been working at this for the past two weeks and they have some two weeks of work left. Mr. Eawyer, the highway superintendent, hopes to have this work finished by the twenty-seventh of this month. The oil operations will take in the Luther Pass Highway from the Alpine Junction one mile south of Meyers Station to the junction of this highway, with Kit Carson Highway in Hope Valley and from there south along the Kit Carson road to the Carson Spur, also down the Woodfords Canyon from this junction to the Woodfords junction then on into Markleeville and beyond.

Public Invited To Inspect Grammar School Improvements

The Truckee Grammar School Trustees have asked this paper to convey an invitation to the people of the community to call at the Grammar school on next Saturday afternoon, August 19th, from 1 to 4 o'clock, and inspect the various new improvements which have been accomplished during the summer vacation.

The Grammar School trustees, consisting of William Englehart, Harold Laity and R. A. Tonini will be glad to meet any of the local townspeople who are interested in the work of the Grammar School next Saturday and explain any particular features of the school work.

STANLEY BAVIER PASSES AWAY AS RESULT OF INJURIES RECEIVED IN AUTOMOBILE ACCIDENT

SUMMIT LODGE K OF P PRESENTED WITH TROPHY

Supreme Representative of K of P for Nevada Pays Local Lodge A Visit

N. E. Wilson, Supreme Representative of the Knights of Pythias for Nevada, accompanied by the officers and members of Amity Lodge No. 8 of Reno, were guests of Summit Lodge, Truckee K of P at their meeting last Friday evening.

After the regular meeting had been adjourned, a Dutch supper was held in Odd Fellows Hall.

During the evening a beautiful silver loving cup was presented to the Truckee Lodge for winning the Rowing Race held at Donner Lake at the Knights of Pythias picnic on Sunday, July 30th.

On Sunday, August 27th, the Carson Lodge of K of P will hold a picnic at Bowers Mansion, on the highway between Reno and Carson City. Members of all the K of P Lodges in this region are expected to take in this picnic.

HIGH SCHOOL OPENS AUGUST 21; NEW TEACHERS SECURED

Fishing poles, golf clubs and swimming togs will be put aside Monday when the young people of the community will return to their books with the opening of the Meadowlake Union High School.

A record enrollment is expected as many new students from Hobart and the large number of grammar school graduates will be on hand to continue their scholastic career. Mr. Gustav Hofmann will continue his duties as principal. The rest of the faculty will be new.

Miss Dorothy Flammer of Sacramento has been secured, as well as Miss Marian Lothrop, also of Sacramento. Both are capable and efficient teachers with fine records, and while newcomers, will undoubtedly win themselves places of honor in the community.

TRUCKEE POST DRUM CORPS WINS TROPHY AT SPARKS, NEVADA

The Truckee Drum Corps won first prize for the out of state contest at the Nevada State Legionnaire Convention, held at Sparks, Nev., last Friday and Saturday.

The local organization made a very impressive showing in both the big legion parade and the drum corps contests held, and won a big applause at the reviewing stand.

"Dutch" Patton and Albert Gillette of Truckee won individual medals for prizes in drumming.

The drum corps won a beautiful loving cup as first prize.

PICTURES AT LOCAL THEATRE EVERY THURS. AND SUN.

Beginning this week, there will be pictures at the local theatre each Thursday and Sunday evenings. There will be no more Saturday evening shows.

Manager Shattuck, Truckee's energetic theatre manager, has opened up a new picture theatre at Calpine. This new theatre, together with his other theatres at Downieville, Loy-alton, Folsom and Truckee, keeps Manager Shattuck moving fast for every day of the week.

STANLEY BAVIER

By Griffith Bonner

Stanley Bavier, gentleman, scholar, and editor, a friend and fellow writer, has signed thirty to his editorial career and gone beyond to join the host that has preceded him. He has laid down his pen for eternal rest and peace, but his work will live after him.

We were not permitted to know "Stanley" very long, but to meet him once was to know one had met a man, a gentleman of the old school, a man whose heart and vision were with the entire Truckee and Sierra region. His willingness to serve the community at all times with untiring efforts was well illustrated with the time and effort he gave for the Governors' Reception and his masterful writings. He built up the circulation of the Sierra Sun and Truckee Republican from issue to issue, the true test of any newspaper man.

It is our earnest wish that this paper continue its successful career and remain an everlasting memory to a friend and editor we all will miss.

A son of New England, coming from that beautiful city of the Elms, New Haven, Connecticut, Stanley Bavier possessed that spirit of the old pioneer that all who come from or have worked in New England know.

Educated at Columbia University, New York City, he was a most creditable son of an old, illustrious and noble institution.

A citizen interested not alone in the town of Truckee, thru his able and unselfish work for the Chamber of Commerce, but a citizen gifted with a broad vision that extended his interests thru the entire Sierra region, has passed on to his final reward.

The sympathy of this entire section of California and all other sections of this and other states is extended to the members of the family and to the members of the editorial staff of the Sierra Sun and Truckee Republican. Members of the Fourth Estate, editors everywhere familiar with the writings of Stanley Bavier, will miss his columns.

Stanley Bavier, gentleman, scholar and editor, you have not left us, as you will live in memory—all of us are better, because we have met you.

The clear notes of "Taps" echo over the Sierra Mountains that you loved as you are homeward bound. You have been chosen to go ahead and prepare the way for your friends among the Fourth Estate, the newspaper fraternity, and everywhere. May you rest in Peace as you have signed the newspaper sign of thirty to mark the end of a noble and useful newspaper career.

FALL REGISTRATION CALLS COLLEGE SET BACK TO SCHOOL

With fall registration in all the major colleges taking place Monday or the week following, the annual exodus of Truckee's Younger Set has already begun. Miss Olga Owens left Sunday to attend the San Francisco State Teachers' College, for her senior year. James Iyrell has returned to Hastings' Law School and the opening of the University of Nevada will take Misses Odessa Bick and Amelia Zurich. Both these young ladies are in their second year at the institution. Miss Bick belongs to the Delta Delta sorority and Miss Zurich to Pi Beta Phi.

THEDA MAE TIDWELL HAS BIRTHDAY PARTY

In honor of her eighth birthday Theda Mae Tidwell recently entertained a number of her young friends at a party held at her home near the quarantine station. Games and refreshments were the order of the day.

The guests included Misses Azad and Yvonne Joseph, Patsy and Mickey Carson, Dolly McCord, Jocelyn Vollmar, Betty Lou Elkins, Betty Bick, Frances Polyanich and Mr. Carol Stone.

Lions Cancel Meeting

Out of respect to the memory of Stanley Bavier, a charter member, the Truckee Lions Club cancelled its meeting last night.

MGLASHAN PUPIL SIXTY YEARS AGO VISITS TRUCKEE

George W. Arper of Mojave, California, nearly sixty years ago a pupil of the late C. F. McGlashan, called recently at the office of the Sierra Sun and Truckee Republican seeking to establish a connection with Mr. McGlashan. He had ascertained that Truckee was McGlashan's residence through seeing a copy of McGlashan's "History of the Donner Party."

Arper is a Justice of the Peace in Mojave.

Mrs. Mildred Saunders Marries Alvin Johnson

Coming as a complete surprise to her many friends is the recent marriage of Mrs. Mildred Saunders, former housekeeper at the Catholic Parish residence, and Alvin Johnson of Globin's Al Tahoe.

The service was performed in Reno. Mr. and Mrs. Johnson, with Mrs. Johnson's daughter, Miss Mildred Jane Saunders, and her sister, Miss Flora Elsea, are now vacationing at Al Tahoe.

Mourned

STANLEY BAVIER

While messages of congratulation on his appointment as Nevada county chairman of the NRA were pouring in from all parts of the state, Stanley Bavier, editor-owner of the Sierra Sun and Truckee Republican, passed away Tuesday morning, August 15 at six a. m. from injuries received in an automobile accident Sunday night. Mrs. Bavier, suffering from minor injuries, is confined to her bed.

The accident occurred Sunday night when Bavier and Mrs. Bavier, while taking a short ride to Lake Tahoe, were forced down a thirty foot embankment by a car driven by Benito Inarrio, of Bodie. Inarrio, who was reported to have had no driver's license, was arrested on a charge of reckless driving and released on bail Monday night pending his final hearing.

Bavier was rushed to the Hobart Mills hospital where it was reported he was suffering from a fractured skull and possible back injuries. Mrs. Bavier was treated at the home of Dr. J. H. Bernard for cuts, burns and bruises. On Monday night Bavier's condition took a turn for the worse and Mrs. Donald MacLean, Vincent Muller of Reno and Dr. J. H. Bernard of Truckee were called into consultation by Dr. H. E. Schwing of Hobart Mills. An operation was decided against on account of his critical condition.

Although in this part of the country only a few years, Bavier was rapidly gaining a position of importance in county affairs, and being looked upon as one of the leading men of the community. His civic achievements include active participation in the formation of the Truckee Post of the American Legion and the Truckee Don of the Lions Club. He was an enthusiastic worker and supporter of Winter Sports and the father of Truckee's Winter Mardi Gras, Truckee's splendid Frontier Day and Governors' Day celebration was the result of his leadership.

For his journalistic endeavor he was awarded membership in Sigma Delta Chi, professional journalistic fraternity and only last year was he accorded the signal honor of being (Continued on Back Page)

TWO DEAD, ONE BADLY INJURED IN ACCIDENT

A young man and a girl companion are dead, another boy is injured so seriously he may not recover, and two other young people are suffering from minor cuts and bruises as the result of one of the most tragic automobile accidents of the season.

The car in which the five Nevadaans, Jack Blum, Elizabeth Weeks, Betty Blum, Jack Blakely and Jack Cameron, were riding, was forced off the road by a truck on a curve between Incline and Tahoe City, it is reported. Jack Blum, who was riding on the running board, was thrown from the car and killed. Miss Weeks died Monday night from her injuries. Jack Blakely is the only other to suffer serious injuries.

Blum was the nineteen year old son of Mr. and Mrs. J. W. Blum of Reno, vice president of the Nevada Packing Company. He was to have entered the University of Nevada this fall.

MAN STABS FRIEND IN QUARREL OVER DOG

The amount of food eaten by a dog was the reason for a quarrel between two Tallac campers, Fleming and Rogers, Saturday evening about six o'clock. When Fleming struck Rogers in the face, Rogers took the pocket knife he was holding and repeatedly stabbed the other man, cutting him severely in several places. His condition is serious but he is given a chance for recovery.

Traffic officers Thomas Robinson, Milo Hewitt and Ernest Barrett investigated the affair and turned Rogers over to the officials. Fleming was taken to Placerville and Rogers is being held there.

SOMETHING TO THINK ABOUT

Publishers of successful small towns newspapers throughout the country will doubtlessly get quite a few crumbs of comfort from a statement made by the president of a ten million dollar corporation in New York.

"When I graduated from Stanford University," said the executive, "my one and only ambition was to own and publish a small town newspaper. I was sure that with my university training, plus my desire for newspaper work, I could not fail to be a success. I therefore secured sufficient money from my folks to purchase a small town weekly over in Colorado, and started in to make myself famous as a newspaper man."

"In just one short year," went on the executive, "I went broke. Lost every dime I had. It finished me as a newspaper publisher, but—I want to tell you that there is no man living which I so look up to and admire as a successful small town editor who can put out a newspaper in a small town and show a profit. I'm for him, and I don't care who knows it."

It is safe to say that when this particular executive picks up a small town newspaper and reads it, he sees far more than the average man. Between the lines of type he doubtlessly sees the many hours of labor required to prepare the paper for publication; the sleepless nights spent in writing features, editorials and news; the anxiety experienced in regard to the mechanical equipment as press day draws near; the constant effort to keep personalism and favoritism out of the flavoring of the news, and—the million other details required to get out a small town newspaper with limited facilities and but an assistant or two.

The small town newspaper is a great deal like the small town doctor; it is taken for granted; as a matter of course. And your average reader little dreams of the difficulties involved, or—whether or not it is receiving the financial support necessary for it to go on. Subscription bills and doctor's bills are generally the last two bills to be paid. And yet—how can any successful community get on without a doctor and a newspaper?

DEADLY GRUDGES

The estimable Dorothy Dix, doctor of domestic relations, quotes a traffic officer as saying that most automobile accidents result from family spats.

This doesn't mean back-seat driving. It means that the driver is brooding over family quarrels, recalling the mean things that she said and things that he might have said, and thinking what he's going to do about it, scattering his attention and squandering his mental energy, instead of keeping his mind on the driving.

The idea might be extended to cover personal squabbles and grievances in general, explaining an enormous amount of misfortune.

The person who carries around with him internal feuds or grievances against others, whether justified or not, is carrying an enormous handicap. If he has enemies, he is playing into their hands, giving them power over him. The successful person is usually a happy or contented person with mind free to apply fully on his main purpose.

MENTAL REHABILITATION

It is the strong belief of many medical men, especially those who are accustomed to handle mental patients, that while the depression has been good for many people it has been bad for many more. Those who were on the point of losing balance through self-centeredness, growing out of luxury and idleness, have had to get down to fundamentals of life and straighten themselves out. So far, so good. But many who stood bravely through one year, or two, or even three, are now losing their grip. Courage has at last gone down under repeated onslaughts of disappointment, poverty, the apparent inability ever to get out of the deep valley. The New York Medical Week says that after the needs for food and shelter have been met, "the problem of mental rehabilitation of millions who have been injured will stand revealed in its full importance."

The Medical Week stresses the fact that it is important to distinguish between the physician who is a true mental hygienist and the "parlor psychologist."

"Lecturers and writers who disguise the pill of serious facts with a spicy coating of sensationalism must give way to qualified psychiatrists to whom psycho-pathology is a scientific study rather than a remunerative way of titillating suburban ladies."

Strong words, but justified. If there be need for one to minister to a mind diseased, let the family physician be called first. Often he knows what to do. If he needs help, let him name the specialist, one tried, honest and capable.

PROGRESS IN LOLLYPOPS

Speaking of progress, an observer at the Century of Progress in Chicago reports that even the children's lollipops have been modernized. The current varieties have flexible loop handles—we haven't seen a diagram yet—with two great advantages. When a child falls with a lollipop in hand or mouth, he suffers no physical injury. There is no pointed stick to ram into throat or eye.

The other advantage is that the lollipop consumer can park his confection on a nail or hook temporarily and recover it later when his appetite revives. Hanging it up by the loop handle is supposed, for some obscure reason, to be a more sanitary arrangement than the old-fashioned

INTERNATIONAL CO-OPERATION

one of laying it flat somewhere.

However, one should not be critical. Unless he has a more constructive idea than the flexible handle, he should accept progress in lollipops as it is.

OVER THE MOON

La Salle had the kind of idea that the little Indian encampment at the junction of the Chicago River with the great lake now called Michigan occupied a site which might one day be a good one for a town. One can but hope that he could look down from the gold bar of heaven to behold the amazing doings of the vast city which turns a river upside down, which fights rackets and poverty and depression and is emerging on top; which has dared, now for the second time, to establish the greatest exposition of its generation right in the middle of hard times which would make any other city hesitate even to contemplate such a proceeding.

And it may be permitted to those others who have followed the growth of great Chicago's life and power to wonder a little whether that was really a ray from Arcturus that opened the show, or whether it was just the spirit of Mrs. O'Leary's cow at last jumping over the moon.

YOUR GOOD HEALTH

Healthy Communities Know the Value of Strict Sanitation Laws

By CLAUD NORTH CHRISMAN, M.D.

IN AFFAIRS of health as in for comfort and health that are needed where many people work together under one roof.

GREAT advance is now being made in air conditioning not only in places of industry but in many private homes. The day isn't distant when we shall be as exacting about maintaining the proper atmosphere at all times in our homes as we ever were about buying enough coal or splitting enough wood to keep us warm. A general familiarity is expected with the soil characteristics, not only in one spot but in the surrounding region. Water supply and drainage grow more important every year. Not just the soil but the seasons and the climate must be understood.

Any locality that is sufficiently well organized to have sanitary regulations should provide itself with the needed authority to see that its regulations are obeyed.

THE duties of a sanitary officer or inspector require that he should have observation, a fair technical knowledge, a great deal of patience and much perseverance. He needs some knowledge of chemistry to analyze food supplies, especially milk and water. He must know considerable of general sanitary engineering. Much depends upon the installation of light, heat and electrical equipment. Ventilation must be guarded, drainage provided, special construction of foundations guaranteed for the safety of buildings. In industry there is no end to the safety devices that must be seen to and the countless provisions

IN PURCHASING property in which to establish a home, one should have its health history as well as a clear abstract of its title. The germs of many infectious diseases may lurk for years in damp foundations and old wall paper.

Paste Pot and Shears

From NEW YORK TIMES

Deep rooted in the heart of man is the belief that the way to make things all right is to keep them out of the papers. The Secretary of the Broadway Association scolds the press for reporting the recent heat wave. It tended to give outsiders the impression that New York is an uncomfortable place when the thermometer ranges from 95 to 100.

We may put aside the consideration that New York was, as a matter of fact, uncomfortable during the hot spell; just as Chicago, Philadelphia, Washington, the White Mountains and Atlantic City are uncomfortable when it is 100 degrees hot. The truly pathetic fact is that people should really believe that if the New York papers did not print the weather news no one would know that it was hot in town.

Censorship never really suppresses news. It only terrorizes people into whispering and distorting things. If the New York papers had kept silent about the heat wave, it would soon have been rumored that 10,000 people were dying of the heat every day in New York.

A DOG

By Edgar A. Guest

'Tis pity not to have a dog,
For at the long day's end
The man or boy will know the joy
Of welcome from a friend.
And whether he be rich or poor
Or much or little bring,
The dog will mark his step and bark
As if he were a king.

Though gossips whisper now and then
Of faults they plainly see,
And some may sneer, from year to year
My dog stays true to me.
He's glad to follow where I go,
And though I win or fail
His love for me he'll let me see
By wagging of his tail.

Now if I were to list the friends
Of mine in smiles and tears
Who through and through are
Staunch and true
And constant down the years,
In spite of all my many faults
Which critics catalog
Deserving blame, I'd have to name
My ever-faithful dog.

'Tis pity not to have a dog,

MAIN STREET

By Stanley Bavier

"They would rather have a rosebud
As a tribute of today
Than to have the most cherished
laurels

When they have passed away.
Then give to them a rosebud,
A rosebud pink or red;
They would rather have just one
today
Than ten thousand when they're
dead."

—Author Unknown

Sometime ago I wrote a letter to one of the world's outstanding men, and told him that while I presumed that he was flooded with letters of commendation and tributes, I, nevertheless, wished to add my wee mite along with the rest of the multitude.

Imagine my surprise when I received a letter from this great man of affairs, telling me how much he appreciated receiving my letter, and that contrary to my belief, his letters of commendation were few and far between.

Strange, isn't it, how generous we are in paying homage to the dead; how willing we spend our money for costly flowers for the grave; how easy it is to extol one after death has closed the eyes forever, and yet—how very, very hard it is to say just a few words of praise to the living.

Human beings respond to a few words of cheer and encouragement in exactly the same manner that flowers respond to water and sunshine. In other words, most failure can be traced back to lack of an incentive, and the greatest incentive in the world is the stimulant of encouragement.

Give them a rosebud!

Yes, give them a rosebud. Don't wait until you come home from the funeral and then say wonderful things about your friend. He'll appreciate the "rosebud" far more while he is living than after he lays in the casket.

BETWEEN THE LINES

By Rose Bennington

Tear my letter all apart,
And see the words not there.
Each semicolon, comma, dart,
Is telling you I care.

And while we are on the topic of rosebuds, I want to hand one to Rose Bennington, whose inspiring poems have been published in this publication for a number of years. I feel sure that the readers of this column will be happy to know that Rose Bennington is now writing for over thirty well known newspapers, including such nation-wide and powerful publications as the Denver Post, and that her poems are now appearing in fifteen of the nation's outstanding magazines.

Rose Bennington is now a national personality. Her inspiring compositions are known from Maine to California; from Canada to the Gulf of Mexico. It is, indeed, a great privilege for this paper to print her poems from time to time.

I also wish to make acknowledgment in this column of the scores of letters which I have received in regard to "Main Street." Personally, I do not think that I deserve even one half of all the nice things which our readers have seen fit to say. If I have been able to say a word of encouragement to any one, I am more than satisfied. And I desire every one who has sent a letter to me to know, that if it had not been for these letters, I would have discontinued writing this column many, many months ago.

Whatever be his breed,
For dogs possess a faithfulness
Which humans sadly need.
And whether skies be blue or gray,
Good luck or ill attend
Man's toil by day, a dog will stay
His ever-constant friend.

TAHOE REGION NEWS

By "SWANEE"

Dear Readers:

Sunday, August the 13th, will always bring sad memories from now on to those of us who knew and loved Mr. and Mrs. Stanley Bavier, for on that day Mr. Bavier received the critical injuries which caused his death, and visited his loyal wife with untold physical and mental anguish. Words are futile things at a time like this when our hearts are so filled with grave regrets and boundless sympathy.

Needless to say, all Tahoe and the entire Lake district were deeply grieved to learn of his passing, and even those who did not know him personally, have long admired his leadership, his courage, his sincerity and honesty and his loyal progressiveness in behalf of his local communities. Those who did know him will always remember him as an accomplished scholar, a lover of Nature, a true and loyal friend and neighbor, ever willing to lend a helping hand—joyful, congenial and sympathetic, an admirable husband, a man of highest ideals, fair and square, with the courage to fight for his own convictions, always striving to put his best foot forward and keep it there, ever eager to foster any movement which might make this world of ours a little better place in which to live, a man who took life and its offerings in serious vein, a man destined to have reached the topmost rung on the fragile ladder of success—had he lived. Those of us who were fortunate enough to have enjoyed his friendship will always feel that our lives have been many times enriched by contact with him.

To his grief-stricken widow is outstretched the silent hand of profound sympathy by the entire community. We shall all miss him and the lofty influences he instilled into the pages of his cherished brainchild, The Sierra Sun and Truckee Republican. How true, indeed, do the words seem, of a little poem I wrote many years ago:

We all strive to sympathize
With friends, when some dear one dies,
But we never really know
How deep sorrow's sword can go
How devoid the passing years,
The fertility of tears,
Till the Reaper, grim and grey,
Takes our own loved ones away.

At Homewood Hotel a few of the guests include C. E. Flint and wife of Sacramento, J. O. Mendel of Sacramento, Dr. and Mrs. Bruce Sautter of Reno, Douglas McCormack and Miss Janet McCormack and Miss Margaret Ross of Rio Vista, S. Lindroth and E. H. Polk and wife also of Sacramento.

Ben Callender of Homewood, who has been operating his Sierra Mine at Downville, visited at Tahoe for several days recently.

Mrs. Wm. McFadden of Suisun and her daughter and son-in-law Mr. and Mrs. C. Bidstrup and family, also of Suisun, left on Monday for their homes after having spent several months at their summer home at Tahoe.

Bill Barton, owner of Meadow Edge Dairy, returned home from town one day early this week to discover his pig pens were ablaze. He called out his men and in a short time the pigs were removed from all possibilities of furnishing a barbecue supper, the flames extinguished and the workers prepared to retire. Looking from the window someone then spied the barn afire, and all rushed out to discover the cause of the sudden conflagration, and rescue the animals, etc. contained in the barn. On reaching the scene they found a ring of coal oil or some similar fluid had been poured completely around the building and entrance was impossible from any side. Three fine valuable colts were burned to death, besides saddles, incidentals and a barn full of hay. There is little doubt but that the fire was of incendiary origin, but so far

the culprit has not been apprehended.

Mr. and Mrs. J. Sieberline of San Jose are spending some time on Nelson Heights.

Katherine Bottimore of Herald and a party of friends will arrive on the 19th to spend three weeks at Homewood.

Mr. and Mrs. DeBella of San Jose were recent Homewood visitors for a week.

Mrs. Claire Carto, with her daughter Louise and son Oscar, and Miss Jean Morton of San Jose, visited at Homewood for four days.

On Tuesday Mrs. C. Trickey was hostess to the Tuesday Afternoon Contract Bridge Club of Tahoe. A delicious luncheon was served about 12:30 after which contract bridge was enjoyed. The rooms and tables were artistically adorned with lovely flowers. Special guests of the afternoon were Mrs. Clyde Mayhew and Mrs. Western, who both won prizes. Other guests included Mesdames Frank Pomin, E. H. Pomin, C. O. Valentine, Jack Matthews, Dave Chambers, George Bliss, Eva Nelson, E. Hunkins, Nina Rogers and the hostess, Mrs. C. Trickey.

Two youngsters who are becoming fine fishermen are young James Worden, who caught a one and a half pound trout in Ward Creek along with two three-quarter pounders to boot, and little Chester Slinger of Homewood who landed two four-pound trout at the pier there recently.

On August 3rd Mrs. Laura Westphal entertained at a lovely dinner party at Westlake in honor of her birthday. Present to enjoy the occasion were Miss Carol Moore and her sister Edith, Mr. J. T. Clark, Mr. A. R. Westphal, C. T. Smith, David Farmer Jr., and the gracious hostess Mrs. Laura Westphal, who not only received the sincere good wishes of her guests, but many lovely birthday gifts as well.

Episcopal Church News
By Griffith Bonner

"The miserable politics that dominate our cities, our towns, and our hamlets could be swept away by righteousness over night," declared the Rev. Canon Hanson of Grace Cathedral, San Francisco, in his sermon at the Tahoe City Episcopal chapel of the Transfiguration last Sunday.

"We stand out before people saying we are afraid to admit that we are the children of the Living God. We do not hear the voice of God for we are not listening."

"Our Monarchs of trade, finance, and politics know nothing but a miserable way of doing things."

"The abiding thing necessary for the world today is faith. That elusive thing that means so much to you and me in this prevalent age we are so adverse to falling in with. We say give us evidence, make the matter so plain to us, then we will have faith,—yet the truest things are the things which without human heart or science, give us the evidence of faith."

"We have faith in husband, in wife, in father, in mother and in children—why not in our God and Heavenly Father?"

"Christians must have faith not in the statements of the theologians and the dogma, but in the results of human nature. Faith has brought us to a position today where the evidence is not only national, but

Mr. J. L. Debenedetti of San Mateo spent the week end at Tahoe with his family.

At Joseph's Place, Homewood, recent visitors included Mr. A. Amour and family of Petaluma, Miss E. McMillan and party of Stockton Dr. M. J. Walter of Berkeley, Mrs. Frank T. Sweeney of Suisun and Mr. and Mrs. Boyd Crosby of San Francisco.

To Inspector McKee we also extend real sympathy this week, as we know how consistently he has striven to keep his accident record throughout this district down to the minimum, and we know that Sunday's mishaps upset him keenly. But it can't be helped, Inspector. The law of averages exacts so many accidents in a limited time. We may escape them temporarily but they are bound to come eventually, notwithstanding your proficient and scrupulous service.

SIERRAVILLE NEWS

The surveyor's crew, under Mr. H. A. Garber, which has been working on the survey of the Sierra-ville-Truckee road for the past two months, expects to leave the end of this week. They have completed a survey of the road from the Little Truckee to town. Mr. Garber and his assistants expect to be employed in the southern part of the state.

Mr. Remick and Mr. Coyat are in town for a short time while cruising timber on the railroad sections.

Ranger F. A. Land, who was called away by the death of his parents, is still absent. The community extends sincere sympathy in his loss.

Jean and Jack Laycox returned to their home Sunday after a stay of several weeks with their grand parents, Mr. and Mrs. Elmer Colt. Their parents, Mr. and Mrs. W. H. Laycox, motored up from Auburn to get them.

Mrs. Millard M. Barnum, who was visiting her parents Mr. and Mrs. Chas. Dubourdieu, returned to her home in Weaverville the first of the week.

Marjan Newton has returned to the home of her grandmother, Mrs. J. H. Pearce, after spending a time at Bowers Mansion, Nevada.

Mrs. W. J. Copren, accompanied by her daughter Margaret and Thelma Lichty, made a trip to Sacramento last Friday.

Mr. and Mrs. Linebaugh, accompanied by Mrs. Maude Wilhelm, motored to Reno Tuesday.

Miss Margaret Capren spent Monday with her cousin Lucile Humphrey at the Humphrey Ranch near Beckworth.

Mr. and Mrs. John Zinnino were visitors in town twice during the week. Mrs. Zinnino spent some time at the I. E. Miller home.

Mr. Hubert Rast has left the conservation camp at Bloomfield and has taken a position in the box factory at Calpine.

Miss Thelma Kehm is a visitor at the Dearwater home.

George Turner, who was injured while working at Campbell's Logging Camp, spent a day or two with his aunt, Mrs. F. E. Miller on his way home from the hospital. He has nearly recovered and expects to go to work again soon.

International. It is because we have not given Christianity a chance to break in on the things of life that it has not left its stamp on all of us. Faith, whether in a child or an adult, is the strongest and most potent power to bring the world to that condition that Jesus Christ intended it to reach."

Reporter—I understand, Senator, that you are a self-made man.

Senator—Oh, no; I couldn't honestly say that. I've had constant advice from my wife and mother-in-law.

NORDEN NEWS

By C. W. KRAMER

The passing of Stanley Bavier, editor-owner of the Sierra Sun of Truckee as the result of an automobile accident near Tahoe last Sunday, has dealt a severe blow to this vicinity and was received like a thunder bolt from the sky. Truckee will long remember the good deeds of Mr. Bavier, as he has shown them the light by which they might follow for the benefit of the community at large and his appointment upon the NRA board for this district clearly demonstrates his ability.

The Truckee Republican, since he has assumed the responsibility of ownership, has shown vast improvement in the past two years and his recent change to The Sierra Sun clearly demonstrates his keen insight upon community affairs for the whole Sierra section and the response has been most gratifying to the readers and subscribers. His motto, "It Shines for All" justly befits the editor in his efforts to demonstrate what his intentions of the city of Truckee should be on the minds of all that have the pleasure of residing there. Truly Mr. Bavier was a man in every sense of the word and deserves high praise for his efforts to be of service. He will be sorely missed in the community and his position will be hard to fill.

Mr. and Mrs. Frank Rector of Norden spent a few days in Woodland and Sacramento last week while Mr. Rector was recuperating from the effects of a cold. Upon their return Miss J. Wolfe of Woodland accompanied them for an indefinite stay.

Mr. T. O. Tenney, relief telegraph operator of Sacramento, was in Norden relieving operator F. L. Rector during a cold siege.

Pete Elde, long a resident of Norden and quite handy with barbed tools, paid a much needed visit to the homes of Charles Oltman, G. Talley, Charles Church and William Sellick Sr. of Norden and made much improvement in their general appearance of these bread winners.

Pete Skulich, the handy man about Norden, clearly demonstrated what his absence meant to the Cook Cars of Norden while he was confined to the General Hospital at San Francisco for several days with a severe cold. Business was practically at a standstill and since his return all is about normal.

William Seitz and his family spent a day in Sacramento on business and while there looked about for a circulating heater while the thermometer outside was hovering around 111 degrees. The salesman scratched his head and with utter amazement asked "And where are you from?" Seitz had in mind the coming winter with probable wintry blasts and was doing his shopping early and assisting President Roosevelt to get his NRA in operation.

The highlights of the week involved the marriage of Miss Eva O'Connell of Sacramento and Mr. Thomas Elmer Eversult of Norden who quietly slipped away to Reno and were married by the Justice of the Peace at that place last Friday morning. They were passengers on the afternoon train through Norden to their destination at Sacramento where a gala reception was in store for them. While the train tarried at Norden for a few minutes they were amply reminded of their vows and after a goodly amount of rice was presented they proceeded on their way. Arriving at Sacramento the couple was met by several members of the younger set. The bride, having attended school in Sacramento, is well known and the groom also being a Sacramento man, the affair was largely attended and much pomp and glory was indulged in. A rousing reception was given by the bride's parents, Mr. and Mrs. Frank O'Connell at which many were present and many gifts were presented to the happy couple.

The home was decorated in pink and blue and at a late hour a buffet supper was served. After the honeymoon, which was spent about the Bay cities the couple plan to return to Norden to make their home, where the groom has prepared a cozy cottage for the bride. Mr. Eversult is connected with the Southern Pacific Company. A rousing old time charivari is planned

for the couple when they arrive at Norden.

A unique automobile trip to the south end of Lake Tahoe was enjoyed by Albert Proteau, Miss Nadine Jurgens, Miss Beatrice Flickinger and John Snelling of Norden where they were in attendance last Sunday to view the armada of planes that flew to the Lake to learn the feasibility of making a landing field there. The trip was very enjoyable.

Miss Maxine Hunter of Sacramento is visiting her aunt Mrs. A. Wortell of Norden for a few days.

Mrs. William Sellick, accompanied by her grandson, Barton Sellick were recent visitors in Reno.

Mr. Halford Hackley, accompanied by his mother and nephew Jack Hackley, spent the week end at Sacramento visiting relatives.

Miss Eileen Oltman is visiting her father Charles Oltman of the Norden Fire Train, she having come up from her home in Roseville.

Much interest has been shown in Truckee by Kenneth Lyon of Norden service station of late. He refuses to give out much information but seems to have a whole of an appetite for fountain service at a popular store.

Mrs. George Talley and her son Bill, who have been at Norden for the summer where her husband is engineer of Norden Fire Train, returned to Sacramento.

Frank R. Bennett of Tunnel Six was a recent visitor at Truckee among friends.

Joseph Northey and Joseph Casari, who have been to the World's Fair at Chicago for the past month have returned to their places of endeavor at Norden.

Mr. and Mrs. Frank Rector, accompanied by Mrs. Alice Sellick of Norden, were recent parties to make the Rim of the Lake Drive around Lake Tahoe and report the trip well worth the time. They returned by way of Carson City and Reno.

Mr. and Mrs. Lloyd Lyon and family, Mr. and Mrs. W. D. Lyon and family were recent visitors at the home of their parents, Mr. and Mrs. J. C. Lyon of Norden.

Mrs. John C. Lyon of Norden Grocery is visiting relatives in Sacramento and also attending to business matters.

Mrs. H. S. Schroeder of Sacramento was the house guest of the J. C. Lyon home for several days.

Mrs. E. A. Hitchborn, Mrs. G. Rennie and H. Bass of Sacramento have been the house guests of Mrs. Emma Hackley for several days.

Mrs. C. W. Cory and Miss Lillian Smith of Norden motored to Sacramento to warm up for a few days and returned quite suddenly.

Mr. and Mrs. J. C. Lyon of Norden Grocery arose early one morning this week and while most of Norden was asleep motored to Truckee to view Donner Lake and the Truckee River in the early morning hours, this trip having been contemplated for a long time.

RACING PROGRAM
WILL DRAW CROWDS

SACRAMENTO, Cal., August 17—(UP)—Belief that the racing program with legalized betting will draw record crowds to the state fair this year has prompted an unprecedented demand for exhibition space, according to fair officials.

Commercial space already is at a premium, and plans are being rushed for the erection of an additional tent for these exhibits.

Increased interest also is being shown by California counties. Alpine the state's smallest county, is considering an exhibit for the first time in the history of the fair, it was reported.

Reunited With Son After 30 Years

Mrs. Katharine Bingham and her 43-year-old son, William Fowler, N. Y. civil engineer, as they met at her home in Erie, Pa., after a separation of 30 years. They lost trace of each other when Fowler, aged 13, set out to see the world. Each had thought the other dead.

Jail Pink, Green

MARSHFIELD, Ore., August 17—(UP)—Life in the Marshfield city jail is colorful these days. A painter incarcerated for a few days, offered to repaint the cells. The only available paint was some left-over cans of variegated hues. So Marsh-

field's bull pen is baby pink, its corridor flaming orange and the cells soft robin's-egg blue and Nile green.

N. R. A.

By Griffith Bonner

N. R. A. These three letters stand for "National Recovery Association," but on consideration they stand for many other important things.

N. R. A. means, "Now Real Action." Everyone and everywhere men and women are getting together behind our great President Franklin Delano Roosevelt and doing their part. It is high time that we think of that passage in the Scripture—"The Children of Israel neither slumber nor sleep." Thus today in America in this modern age the children of our beloved country are now awake to concerted action and to considering one another's welfare on a Live and Let Live program.

N. R. A. may also well stand for "New Roosevelt Accomplishments." President Roosevelt is a man of action, and we are fortunate to have him in the White House.

All over this country N. R. A. is becoming the tractor to pull us out of the mud of despair and discouragement.

N. R. A. may stand for many things, but of greatest in our humble opinion is the thought that it

ALAMITOS BEACH IS HELPED BY JETTIES

WILMINGTON, Cal., August 17—(UP)—The beach of Alamitos bay is being built up at a rate of two feet each year, a survey revealed today.

Officials said this was due partly to the jetties built at the San Gabriel river outlet.

Hen Is Proud

COLVILLE, Wash., August 17—(UP)—A hen's egg weighing almost a half-pound was found in a nest on the J. C. Garner property. It measured nine and one-half inches in circumference the long way, and seven and three-quarters the short way.

stands for "Now Real Americans." Just as in war time when all of us rich and poor were on one common level for the country's welfare, let's again place our shoulder to the wheel and get under the banner of N. R. A. everywhere and show that by acting together we can secure one hundred per cent co-operation for a common good, and all will be well.

MEN ROPE EAGLE AS IT ROOSTS IN TREE

SANTA PAULA, Cal., August 17—(UP)—The difficult task of lassoing a large American eagle was accomplished near here by E. Russell and R. Whiterall of Santa Barbara.

The bird made the mistake of roosting in a walnut tree. As the men approached, it became excited and the great spread of its wings, measuring five feet, would not allow it to fly vertically through the branches.

The men fashioned a noose from a rope and succeeded in getting it around the bird's neck.

They expect to present their prisoner to the Featherhill ranch, or ship it to the San Francisco zoo.

Dog Raises Fawn

FIVE RIVERS, Ore., August 17—(UP)—Animal love that knew no family bounds was displayed by a mother collie dog belonging to George Coffield, rancher on the Alsea river. The dog adopted a 2-weeks old blacktail fawn and raised the gangly-legged deer along with her own litter.

Gold Run-to-Airport Link Grading Soon To Be Finished

Grading on the new alignment of the Truckee-Donner summit highway through the Sierra, between Gold Run and Airport west of Emigrant Gap is nearing completion, and surfacing is now taking place on sections of this 11-mile unit.

This new section of the mountain Gold Run, extending to the south-highway leaves the present road at west of the old road and railroad, and follows up the course of Canyon Creek. At Towle, the road passes under the Southern Pacific tracks, via the new separation, and connects with the recently completed highway at airport.

Construction work is being so managed that little or no delay is being caused to automobile traffic.

The surfacing of this project will bring to modern standards, and surfacing the entire Victory highway over the mountains between Truckee and Sacramento.

ASK US ANOTHER..

HERE ARE SOME OF THE QUESTIONS
PEOPLE ASK ABOUT THE
PRESIDENT'S REEMPLOYMENT AGREEMENT
SOMETIMES CALLED THE "BLANKET CODE"

Q. WHO STARTED ALL THIS?

A. President Roosevelt. It's one more step in his big plan that has already put more than a million men back to work.

Q. WHAT'S THE BIG IDEA ANYHOW?

A. To end unemployment. To wipe out child labor (something the country's been trying to do for generations). And to restore the purchasing power of the richest country in the world.

Q. HOW'S HE GOING TO DO IT?

A. Every employer is asked to split up existing work so that everybody will have a job, and to raise the hourly wage rate, where necessary, so that everybody will have a living wage.

Q. AND THAT'S WHAT THEY MEAN BY THE BLANKET CODE?

A. Yes, it's called the "President's Reemployment Agreement."

Q. DOES ANYBODY HAVE TO SIGN?

A. No. It's a gentlemen's agreement between President Roosevelt and every man, woman and child in the country. He is asking you to lend a hand.

Q. WHY SHOULD THE EMPLOYER SIGN?

A. Because when everybody goes back to work, everybody will spend more money. And that will speed up business for every employer.

Q. WHAT DOES THE EMPLOYEE DO?

A. You work less hours. You share your job with someone else. But you get a guaranteed minimum wage.

Q. HOW CAN THE HOUSEWIFE HELP?

A. By signing a pledge to patronize the stores and industries that display the President's seal—they are SHARING to bring back prosperity.

Q. AND ONE MORE QUESTION—WHAT'S ALL THIS TALK ABOUT AN INDUSTRIAL CODE?

A. The industrial code will be the rules and regulations adopted by each industry for its guidance. But the country can't wait for all these individual codes to be ironed out. We need the blanket code to put men to work, and raise wages, right now!

MINER COLLECTS MANY OLD COINS

NEVADA CITY, Cal., August 17—(UP)—Through no fault of his own, W. C. Wisler, miner, has become a collector of old coins.

Engaged in the operation of a sluice box on the abandoned townsite of Cherokee, Wisler in the last few weeks has "mined" the following coins:

A \$2.50 gold piece of 1852, a British shilling date 1794; and an 1833 American dime and a penny minted in 1853 with a flying eagle on its obverse face.

Motor Registration Fees \$4,758,944.22 For Six Months

By THOMAS B. MALARKEY
(United Press Staff Correspondent)

Special to The Sierra Sun

SACRAMENTO, Cal., August 17—(UP)—California's 58 counties and the department of public works today split in half a \$4,758,944.22 "melon."

The sum represents motor registration fees for the first six months of 1933.

One half goes to the department for road construction and maintenance. The other 50 per cent is appropriated to various counties according to the number of vehicles registered in each. The counties will also use the money for road purposes.

Counties and the department each received \$2,379,472.11. Fee-paid registrations in Nevada county for the six months' period totaled \$4,286. This county's apportionment is \$5,285.

Russel Bevans, registrar of the motor vehicle department, said the

apportionment was based on a net total of fee-paid registrations for the six month period of 1,929,515. These registrations were divided as follows:

Automobiles, 1,766,367; solid trucks, 5,015; pneumatic trucks, 93,032; motorcycles, 7,190; solid trailers, 5,533; pneumatic trailers, 52,378.

Bevans admitted the registrations were somewhat under the total for the first six months in 1932. But he pointed out there had been a sharp upturn in registrations during the past four months. This trend he reasoned, would probably put 1933's total registrations above last year's.

Los Angeles county, of course claimed the largest slice of the melon, \$973,844. San Francisco was second with \$172,252. Poor little Alameda county which has but 127 registered voters and in which only 105 vehicles were registered, received \$129.49.

THE AMERICAN LEGION

By Griffith Bonner

With the California State Convention of the American Legion now in session in Pasadena, and with the American Legion state convention held in Sparks last week, these are truly American Legion days again.

Truckee is to be congratulated on its having a fine live and wide awake American Legion with a fine and drum corps that will hold its own anywhere. The recent formation of a 40 & 8 club for the Legion ex-service men in Truckee shows that this post is up and coming.

The American Legion is a group of men ready to serve the needs of not only their own community, but the United States at any time of need or stress. The American Legion is also a non-political organization with the good of the community at heart and remembering at all times that our buddies and their welfare were of interest in 1917-18 and are of just as much interest in 1933 and will be in years to come.

The Legion is both a community and state asset.

As a member of the American Legion, and we are proud to be one, we have seen the boys on guard protecting property in the coal field strikes in Kansas. We have seen the Legion boys fighting to save property in flooded waters, and have seen them at Long Beach and Compton after the earthquake aiding in restoring order and bringing comfort to the sufferers.

Truly the Legion is a great body of men. To work with them is to appreciate their aims and program. At the Pasadena convention now in session may our Truckee boys play a leading part. In times of stress and depression the American Legion is the peace time army that is ever ready to serve. The American Legion for years to come will be a vast army back of the Ship of State to keep it ever level and on an even keel in seeming turbulent waters.

Ex-service men living in the Truckee locality or in any locality will do well to join the American Legion. The ex-service men in Truckee can communicate with that patriotic son of Truckee and live wire H. N. McColl, adjutant of the Truckee Post.

Following in the footsteps of two great armies, The Blue of the North and The Grey of the South, many of the sons and grandsons of the former warriors have enrolled in the Legion. The Legion will in a few years take the place of those two military organizations, the G. A. R. and the Sons of the Confederacy. Thank God there is no longer a North or South, but one great country with residents of all states members of the American Legion.

PATROLMAN BREAKS 440 TRACK RECORDS

CHICO, Cal., August 17—(UP)—Managers of amateur athletic track teams in need of a good "four-forty" man might pick up a few ideas from Captain G. C. Mitchell of the state highway patrol.

Recently the traffic squad was conducting a light test on a Chico street when Miss Jessie Smith failed to observe the officers' stop signal. Mitchell immediately started afoot to run down the erring motorist, and sprinted 440 yards before overtaking the machine.

The motorist received a tag for defective lights.

Just A Slight Mistake

SACRAMENTO, Cal., August 17—(UP)—Postoffice employees figured the "Big Court of Sacramento" could mean none other than the third district court of appeal.

So they delivered to Clerk John T. Stafford a letter bearing that address. The letter, written by a Calexico woman, asked for a copy of a death certificate.

Stafford turned the letter over to the vital statistics division of the state department of health.

GOLF ROMANCE AT TAHOE TAVERN LINKS

TAHOE CITY (Special)—Cupid has a habit of hiding himself on the golf links, in bunkers, sand traps, divot holes, and among the trees and tumble weeds from whence he picks his intended victims.

The latest conquest to his bow and arrow at Lake Tahoe is Miss Catherine Tonelli of Berkeley and Guy Rickman of San Francisco, assistant greens keeper at the Tahoe Tavern Links.

The wedding took place at Reno on Thursday, August 10th. The young couple are making their home at the residence of Mr. and Mrs. Theodore Marshall at the Lake.

Fish To Be Planted

The state division of fish and game recently had on hand 28,043, 689 game fish and eggs for planting during the 1933 season.

SPOTTED FEVER CASES REPORTED

SACRAMENTO, Cal., August 17—(UP)—Thirteen cases of Rocky Mountain spotted fever have been reported in California so far this year, according to the state department of public health. Two of the cases proved fatal.

The source of three of the cases, the report said, was in Nevada, while the remaining 10 cases were contracted in Modoc and Lassen counties.

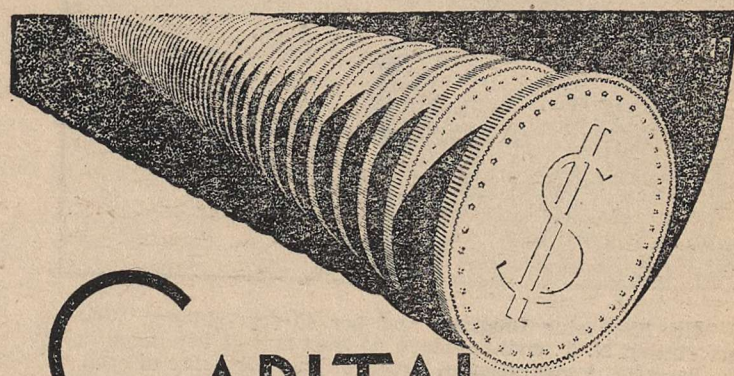

The disease, spread by certain ticks, is endemic in the northwest states, but has not been known so frequently in California, except in the northeastern part of the state.

BARBERS FAIL TO RENEW LICENSES

SACRAMENTO, Cal., August 17—(UP)—Long hair may soon be the style for men if California barbers don't do something about having their state licenses renewed.

C. E. Rynearson, secretary of the state board of barber examiners said that out of 78,000 barbers in the state, only 4,000 had renewed their licenses which expire August 31st.

Barbers are not permitted to operate in the state without a license. Rynearson warned. The fee is increased from \$2 to \$5 if not paid before the expiration date.

COUNTY HAS NO BANKS, SHOWS LOW TAX RATE

By RONALD W. WAGONER
(United Press Staff Correspondent)

Special to The Sierra Sun
BRIDGEPORT, Cal., August 17—(UP)—Mono county, a long, narrow stretch of mountain and range country on the eastern slope of the Sierra Nevada mountains, may fairly lay claim to the title of California's most unusual county.

On vacation in the isolated cattle country, famous for its snow-capped mountains, lakes and streams, a United Press writer collected the following data during a brief survey: Mono county has no preacher and the gospel is heard as a public ceremony only when some wandering minister happens along.

Bridgeport, the county seat, is 63 miles from the nearest railroad at Minden, Nevada.

The county has a tax rate of \$2 per \$100, the lowest in California. Tax delinquency is only .07 of 1 per cent.

Only one newspaper—a weekly—is published in the county, although there is a territory of 2796 square miles or 1,789,440 acres.

Residents have no fear of bank failures because there has been no bank in Mono county for 30 years. Banking business is conducted by mail with institutions in Reno, San Francisco, Minden or Sacramento.

Gen. John Fremont is credited with opening the vast territory to

colonization by his famous explorations in 1844.

Dances in Bridgeport and other centers of population last until 4 a. m., much to the consternation of city visitors who desire to play cow boy on the morrow.

A young man who hopes to be a college runner never had heard of Ben Eastman, Stanford's famous quarter-mile.

Another young man never had heard of Bebe Daniels, the film star but may be excused for this because there is not a movie theatre in the entire county.

Although isolated as far as railroads are concerned, Mono county is rapidly assuming importance as a vacationing center due to excellent mountain roads constructed by the state.

Cowboys in the Bridgeport valley are very courteous and appear genuinely sorry when they discover they have placed a "dude" on a half-tamed bronco.

The fourth generation now is living on the Circle H ranch of Stanley Hunewill, a 3200-acre establishment founded by the original Hunewill after the 1849 gold rush.

Cowboys of the Bridgeport valley say that Will James, the famous cowboy artist and writer, was once known in the region as "Snag Tooth Bill."

"Mind" will be the subject of the Lesson-Sermon Sunday, August 20, in all Churches of Christ, Scientist branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "It is God which worketh in you both to will and to do of his good pleasure." (Phil. 2: 13). Other Bible citations will include: "I thank God through Jesus Christ our Lord. So then with the wind I myself serve the law of God; but with the flesh the law of sin" (Rom. 7: 25).

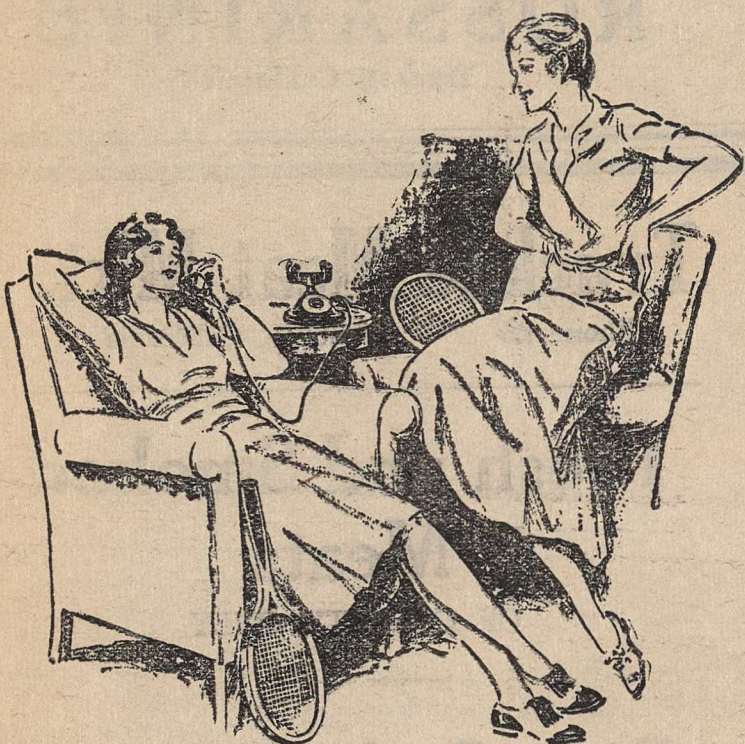

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "If we regard matter as intelligent, and Mind as both good and evil, every sin or supposed material pain and pleasure seems normal, a part of God's creation, and so weighs against our course Spiritward. . . . Man was not created from a material basis, nor bidden to obey material laws which Spirit never made; his province is in spiritual statutes, in the higher law of Mind." (p. 307).

FRESNO, Cal., August 17—(UP)—A holdup man entered a Fresno service station brandishing a revolver.

"Give me your money," he ordered F. A. Heyman, the operator. "I haven't any, but the boss has," Heyman extemporized.

"Where's the boss?" "He went home for a gun," the operator answered. The thug fled.

COURT RULES FAVOR DOG, BUT TOO LATE

PORTLAND, Ore., August 17—(UP)—Every dog is entitled to one bite gratis before he can be classified as vicious, Judge George N. Woodley ruled in court recently.

Carl Jensen had sued Mrs. A. T. Geary for \$20, alleging that her 2-year-old dog bit him on the leg. A police judge found the dog guilty and Mrs. Geary appealed. Judge Woodley's decision came too late, however, as the dog had been put to death upon his conviction in the lower court.

one-half cup of grated cheese and put in a moderate oven just long enough to brown. Serve garnished with watercress and slices of red and green peppers. This will serve four.

Spicy Okra

Gay Spanish restaurants right now are featuring spicy helpings of okra. To prepare one dish, wash a quart of tender young okra pods and cut off their ends. Put them in a sauce pan with one-fourth pound of raw chopped ham and a tablespoon of chopped onion. Cover with a combination of soup stock and canned tomatoes and simmer gently for half an hour or until the okra is tender. Rub a tablespoon each of butter and flour to a cream and when the okras are cooked stir this in. Season with a few grains of red pepper, pepper and salt, and cook gently for another five minutes. Sprinkle with chopped parsley and serve.

Peach Betty

Peach betty is one of the nicest summer desserts I have run across. It is delightful when served warm at the close of a cold meal. You will need about three cups of sliced peaches and two cups of bread crumbs. Use a baking dish that has a tight-fitting cover, butter it well and put in a layer of sliced peaches. Sprinkle with sugar and cinnamon, dot with butter and add a layer of crumbs. Continue to alternate layers of crumbs and fruit, having a layer of crumbs on top. Finish with a sprinkle of sugar and cinnamon and dots of butter. Cover and bake for forty minutes, then remove the top and allow to brown.

Serve with a hard sauce made from two parts sugar and one part butter; flavor with a little grated lemon rind and juice and rub to a cream.

STANLEY BAVIER DIES FROM INJURIES RECEIVED IN CAR CRASH

(Continued from Page One)

ing elected to honorary membership in the Stanford University chapter of this order.

Bavier was born January 27, 1884 in New Haven, Connecticut, and was a graduate of the Columbia School of Journalism. For twelve years he was an executive of the New Haven Railroad, but failing health forced him to come West. In Albuquerque, New Mexico, he served as vice-president and secretary of the Health City Sun, until two years ago he purchased the Truckee Republican. Only two weeks ago did he complete plans for changing the name of the paper to the Sierra Sun and Truckee Republican. This he did in the belief that the paper could more readily serve and reach the people of the Sierra region.

Besides his wife, Mrs. Elizabeth Clemens Bavier, he leaves a sister, Mrs. Herbert Bush of New Haven and two brothers, George Bavier of Los Angeles and Nelson Bavier of South Manchester, Connecticut.

Death as a result of an automobile accident apparently caused by the machine driven by Benito Inario in a careless manner was the verdict brought in by the jury at the inquest conducted by County Coroner Holmes at the Ocker funeral parlors yesterday.

Private services were held this morning at eleven o'clock at Ocker's Chapel.

Mrs. Lois Noddin of Orland left Sunday for her home after a ten day stay with her father, Judge Ocker.

PUBLISHERS MEET AT AUBURN TO FORM ASSOCIATION

The seven newspaper publishers of Placer county met at the home of Editor W. A. Shepard in Auburn recently and organized the Placer County Newspaper Publishers Association. The organization is for the purpose of a close co-operation between the publishers of the county and for carrying out of the NRA program.

V. G. McCann of the Auburn Journal was elected president of the organization; Ronald Brill of the Roseville Tribune was chosen vice president and Allen G. Thurman of the Colfax Record was elected Secretary.

The following letter was signed by all publishers present and the secretary instructed to mail it to the NRA administrator: Hon. Hugh S. Johnson, Administrator NRA, Washington, D. C.

We, the newspaper publishers and printers of Placer County, California, are behind president Roosevelt in his NRA program and will do our part.

Lincoln News-Messenger, by C. E. Finney, Roseville Tribune, by R. F. Brill, Roseville Press, by E. T. McCoy, Loomis Placer Gold, by Edgar Allen Forbes, Colfax Record, by Allen G. Thurman.

Auburn Journal, by B. A. Cassidy, Placer Herald, by W. A. Shepard.

Following the election of officers and the signing of the above letter, the various NRA printers' codes were discussed. Likewise the matter of uniform printing prices was discussed, including the county schedule. It was agreed by all the publishers that there should be no unfair bidding on county work and a motion was made, seconded and carried, authorizing the president to appoint a committee to draw up a schedule of prices to be charged for county printing and legal advertising as well as a schedule for commercial printing. President McCann appointed the following to work with him on the committee: R. F. Brill, E. T. McCoy and W. A. Shepard.

The following committee was appointed by McCann to draw up a printing code for the association: W. A. Shepard, "Scoop" Thurman and V. G. McCann.

DISABLED VETERANS NOT TO RECEIVE FREE FISH-GAME LICENSES

Misled by reports that disabled veterans, with two years residence in California would be given free hunting and fishing licenses, many have made application to the State Division of Fish and Game offices. The claim was made that Assembly bill 544 provided for free permits. In its original form this feature was incorporated in the bill, but when it came up on the floor of the two Houses the free license feature was eliminated.

As the bill now stands it has to do with the fixing of the price of licenses, and authorizing county clerks to collect them, and each month turn over all moneys thus collected to the Fish and Game Preservation Fund.

The Fish and Game Laws make no provisions for free hunting and angling licenses to any person, except G. A. R. veterans.

Mr. and Mrs. J. E. Finley, Priscilla and Jimmy Jr. and Mrs. Leona Dane have returned to their home in San Francisco after a visit with Judge and Mrs. Ocker. Miss Georgis Tucker of Litchfield spent the week end at the Ocker home and returned with the Finley's for a two weeks visit.

Mary Jordan Following In Big Sister's Footsteps

Mary Jordan, sister of the very popular young leading woman, Dorothy Jordan, makes her motion picture debut in "Child of Manhattan," Nancy Carroll's next starring vehicle, filmed at the Columbia studios under the direction of Eddie Buzzell and which comes to the Donner Theatre next Sunday night.

Miss Jordan appears in a splendid supporting cast which includes John Boles, Warburton Gamble, Jessie Ralph, Betty Grable, Betty Kendall, Clara Blandick, Gary Owen, Tyler Brooke, Jane Darwell, Luis Alberni and Nat Pendleton.

"Child of Manhattan" was brought to the screen from the Broadway success of the same title by Preston Sturges. Gertrude Purcell adapted.
